WINGS & FLOWERS

Little Big Tree is proud to announce the Wings & Flowers Collection – its best CDs ever! Over 1,000 stunning images feature across two separate discs, all fully alterable to suit your needs and including many new project features such as boxes, papers, banners, tea bags and tags, as well as project files to get you started.

Launched at the Hobbycrafts Show at the NEC this month, Volume 1 can now be purchased, and Volume 2 will be available in the new year, following a feature spot on QVC with Dawn Bibby on 27th December.

With just a few clicks you can access all the beautiful images on these CDs, change the colour and hue of each one, increase or decrease their size, save and reload your page to use again and again, alter the contrast, brightness and colour saturation, mirror any image, add an outline, easily make silhouettes and reduce paper wastage with the clever page organiser.

Both volumes are brimming with printable embellishments, boxes, papers, teabag tiles, découpage, buildable images, tags and banners, with designs such as flowers, birds, butterflies, dragonflies and more. The possibilities are as limitless as the number of pages you can print!
